Transmittal Letter Providing Submission of Sequence Listing (and Table) on CD-R

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Communication mailed October 7, 2003, Applicants hereby re-submit the computer readable form of the Sequence Listing on CD-R (the CD-R is labeled "CRF") for the above-captioned application. In addition to the Sequence Listing, the CD-R also contains Table 1 of the above-captioned application.

Specifically, the CD-R contains the following two ASCII text files:

1) File SEQLIST 43006+2.TXT provides the Sequence Listing of the present application in computer readable form.

2) File 728_Table_1.TXT provides Table 1 of the present application (in the specification, Table 1 is referred to as "Drosophila_Genes_Transcripts_Proteins.doc").

Two duplicate copies of the CD-R (labeled "Duplicate Copy 1" and "Duplicate Copy 2") are also hereby submitted, in lieu of a paper copy of the Sequence Listing.

In accordance with 37 C.F.R. § 1.821(f), the Sequence Listing information (as well as the Table 1 information) recorded in computer readable form on each of the three CD-Rs submitted herewith is identical.

The material contained on the CD-R is hereby incorporated by reference pursuant to 37 CFR 1.77(b)(4).

It is respectfully believed that this application complies with the Sequence Listing requirements and is in condition for processing.

Respectfully submitted,

Date: December 8, 2003
